COVID-19 UPDATE

As we resume Sunday morning services on 1/3, let us do so with caution and consideration of others. The plan is going forward, if we hear of a person who has been in our services with covid we will shut down in-person services for two weeks. If you have been exposed to someone with covid, we are asking that you stay home for two weeks. If you are sick or feel you might be getting sick, please stay home from service and monitor your condition for your protection and others.

Also, I am now urging and highly recommending the use of a mask if you plan on attending service. It is not mandatory, just encouraged. We will have masks available as you come into the Church. Hand sanitizer is in place and were continuing to sit spaced on the markers that are on the pews. The Deacons and myself will be meeting next Sunday 1/10 to discuss our plans for the New Year. We desire to be pro-active with the pandemic, yet forge our way forward all we can as a Church.

Please pray for us as we seek God's will for the Church during this time. **Tithes & offerings** can be given online: www.calvaryministries.org, mailed to the church or call the church office to make other arrangements during times of church service absences. Thank you for your faithfulness to give, listen online, watch on Facebook, invite other's and sharing the services as you have. God's Word is getting out and He is using you to do it! We love you all!

Looking Ahead

- *Parking lot services will be available for the Spring time. This would allow everyone to attend Church in the safety of their car, as you tune in on your radio.*
- *Jubilee will be postponed to a later date. We have not set a date yet. Please Stay tuned.*

Thank You

"I wanted to express my appreciation to Calvary Baptist Church for placing a brick at Calvary's Children's Home in Gilbert's memory. He loved children and would have been so very proud. May God bless you! Sincerely, Eula Mae Brown"

(Gilbert Brown was the grandfather of Kristi Hayles)

Window Visitation

Barbara Anderson has been at this facility for awhile now. They have recently stopped all her therapy. You can imagine how she's feeling. The whole goal is to get better and come home. So, all she's doing is making it through each day, that's it. It can get very lonesome & discouraging in these places over time. If you haven't gone yet to visit her or you have gone, but it's been awhile, there's always opportunity to go. I recommend that you call first to get her room number, they move her from time to time. Here's the information:

"Powder Springs Transitional Care and Rehab."
Phone number is: 770-439-9199.

Note: The children will have their tempature taken.
