Plan a Window Visit

Barbara Anderson has been at this facility for awhile now. They have recently started her therapy. You can imagine how she's feeling. The whole goal is to get better and come home. So, all she's doing is making it through each day, that's it. It can get very lonesome & discouraging in these places over time. If you haven't gone yet to visit her or you have gone, but it's been awhile, there's always opportunity to go. I recommend that you call first to get her room number, they move her from time to time. Here's the information:
"Powder Springs Transitional Care and Rehab."
Phone number is: 770-439-9199.

COVID-19

As we continue with our Sunday morning services, let us do so with caution and consideration of others. The plan is going forward, if we hear of a person who has been in our services with Covid we will shut down in-person services for two weeks. If you have been exposed to someone with Covid, we are asking that you stay home for two weeks. If you are sick or feel you might be getting sick, please stay home from service and monitor your condition for your protection and others. Also, I am now urging and highly recommending the use of a mask if you plan on attending service. It is not mandatory, just encouraged. We will have masks available as you come into the Church. Hand sanitizer is in place and were continuing to sit spaced on the markers that are on the pews.

The Deacons and myself desire to be pro-active with the pandemic, yet forge our way forward all we can as a Church. Please pray for us as we seek God's will for the Church during this time. **Tithes & offerings** can be given online, mailed to the church or call the church office to make other arrangements during times of church service absences. Thank you for your faithfulness to give, listen online, watch on Facebook, invite other's and sharing the services as you have. God's Word is getting out and He is using you to do it! We love you all!
